Maxey Long of the New York Athletic Club, the champion quarter-mile runner of the world, has become a member of Company K. 23d Regiment, Brooklyn, and will run in the colors of his company at the annual fall games of the regiment November 17. On the hard wooden floor of the 23d Regi-

ment armory the great sprinter expects to, establish a new indoor record for 440 yards. To break the regimental record of 543-5 seconds would scarcely be more than a practice run for the Mercury-foot flyer. The regiment has many noted athletes in its ranks, and the approaching games will be the best ever conducted by the organization

One of the features of the meet will be a two-mile relay race between teams of the 7th and 23d Regiments.

Bultimore's Big Pigeon Shoot.

A pigeon shooting tournament, in which many of the crack shots of the country will participate, and during which the famous Dupont cup will be shot for began yesterday morning at the grounds of the Baltimore Shooting Association, just outside that city. The Dupont cup was first shot for in Baltimore five years ago, when it was won by Frederick Gilbert of Spirit Lake, Iowa, Since then it has passed through the hands of several winners, the last being Captain J. A. R. Ellott of Kan-sas City. Under the terms governing the cup the Dupont company may at any time pay the holder of it \$100 and put it up to be shot for. On this occasion the man who grasses the most birds out of twenty-five will get the prize. Besides this number the program includes many rich handicaps, and the tournament will continue

There days.

There were many shooters and enthuslasts at the grounds yesterday. Three events were concluded—the first at seven birds, \$7 entrance; the second at ten birds, birds, \$7 entrance; the second at ten birds, \$10 entrance, and the Pimlico handicap at fifteen birds. The work of Hallowell, who earned a clean score in all three events, was the feature of the day's sport.

Many of those who participated at Pimlico will contest for the Dupont trophy. The handicaps received in yesterday's event will govern in the Dupont contest. Champagne I

Western High School Boys Defeated the Business Team.

BIG FOUR TEAMS AT PRACTICE

Sir Thomas Lipton Highly Pleased With Early Arrangements.

GENERAL SPORTING NEWS

The first foot ball game of the season for

the championship of the Washington High Schools was played at National Park yesterday afternoon between the Business and Western teams, the latter winning by the score of 10 to 0. A great crowd of loyal followers of the two teams was on hand with banners, flags and horns, and they worked up considerable excitement by the enthusiasm shown. The members of both teams put forth their best efforts, the continued shouts of their partisans keeping them continually on edge, and as a result many clever and plucky plays were made. The advantage gained by the two teams in the first half was of the see-saw order, first one and then the other gaining considerable ground, until near the close, when the Westerns pulled themselves together and went down the field in hammer and tongs order. From the 15-yard line the Westerns decided on one final plunge, as the time limit was nearly up, and selected Morris to handle the ball. Like a battering ram they went at the Business center with a rush, and when the whistle sounded it a rush, and when the whistle sounded it was found that a touchdown had been registered. An easy goal awaited the kicking abilities of Huck, but his experience in the previous rush probably unsettled his nerves, for the ball went wide, five being scored. This ended the work of the first half, and the recess was taken up with congratulations showered on the Business lads and a continued yelling of the battle cries of the two schools.

continued yearing of the battle cries of the two schools.

The confidence gained by the scoring in the first half sent the Westerns to the front in the final struggle. The ball was kicked off and returned, then punted, and several rushes followed, until the ball was on the Rusiness' 30-vard line. At this point the rushes followed, until the ball was on the Business' 30-yard line. At this point the Westerns concluded to go to work, with the result that Morris was once more shoved over the coveted goal line, but the ball was in a difficult position for a goal, and Huck once more missed, making the score 10 to 0. Then mishaps began to crop up, Findley being the first to be sent to the hospital, Sutton taking his place. The Business team was not so well fixed for substitutes, for when King was next injured there was no one to take his place, and the game had to be called.

Players Hurt at Princeton. Another fast practice game took place esterday on the Princeton oval between the 'varsity and scrub foot ball teams, which in the end proved almost as disastrous as Monday's work. The list of injured was augmented by the crippling of De Witt, one of the best guards in the Tiger squad. He had just got back to practice, having been previously laid out for some time with a broken bone in his left hand, and yesterday had his right hand similarly injured in a scrimmage. He probably will be out of the game for two or three weeks. Roper, one of Princeton's best ends, was later carried from the field, having received a sprain of the ligaments of the ankle. An unusually long preliminary individual practice seemed to show its effects on the line men. The 'varsity line especially had much more life than usual. Pell and Sheffield at tackies and Dana at guard broke through at almost every play in which the scrub had the ball. Underhild's punts were twice blocked by the 'varsity. Humbird scored the only touchdown for the scrub on a kick which had been blocked by the 'varsity. jured was augmented by the crippling of the scrub on a kick which had been blocked by the 'varsity. Picking up the ball on a bounce, he ran sixty yards for a touchdown, Humbird seems to possess Arthur Poe's luck in getting the ball in fumbles. The coaching force was made up yester-day of Alex Moffatt, Howard Brokaw, "Bill" Edwards, Mike Bergen, "Nat" Poe and Arthur Poe,

Pennsy's Secret Practice.

Pennsy's foot ball practice was secret yesterday afternoon. The players turned out earlier than usual, and will continue to do so from now on, as at 5:30 it is practically too dark for foot ball. The muggy warm weather had a dispiriting influence upon the men, who, one and all, are wishing for crisp, cold foot ball weather. Coach Woodruff had Hare, Potter and

Gardiner out for kicking practice. Hare did some excellent place kicking, while Potand some excellent place kicking, while Potter showed improvement in his drop kicking. They got the bail from McCloskey playing center and were just as quick as if they were in a game. Hare kicked several from placement from the forty-yard line, while Potter repeatedly dropped them over from the thirty-eight-yard line.

Graves' punts averaged forty-five yard, and as they were high ones the ends got and as they were high ones the ends got down with them. Woodruff coached him especially in punting the ball and not com-ing too far forward, which is his only fault as a kicker.

Hinkey to Coach Yale.

In two sharp halves yesterday afternoon at New Haven Yale 'varsity was able to score on the scrub team but once. It was very hard practice work, and the players were thoroughly tired out. Chadwick made the touchdown by a brilliant plunge through center. The college team tried some new tricks

on the 'varsity that gained them some ground until they were understood. De Saulles made a fine thirty-yard run on one of these, and Wilhelmi and Bloomer for the second eleven also showed themselves capable of gain getting. Ely, the '98 quarter back, was a new arrival among the coach-ers, and Frank Hinkey is expected this evening. He will coach the team the remainder of the week. Harvard Preparing for "Penn."

In preparation for the Pennsylvania foot ball game a week from Saturday Coach W. H. Lewis of Harvard has begun to train the second eleven on the Pennsylvania guards' back formation. Yesterday Hallowell took an active part in the play for the first time since his injuries some weeks ago. The kicking practice which was to have been held yesterday afternoon has been indefinitely postponed. Secret practice will begin

BIG YACHT RACE TALK. Lipton Entirely Satisfied With the Preliminary Arrangemens.

The usual guess stories, told with an air of authority, about the new challenger for the America's cup have got started, says a special from London to the New York Herald. One published in yesterday's papers was to the effect that the Shamrock II will be built of steel, and that bronze and aluminum, of which it will be remembered the first Shamrock was made, will enter but little into her composition. Such stories should be received only for what they are worth-as fables, mere guesses. Absolute secrecy will be maintained as to the construction of the second boat, as was the case with the first. Of what material she will be built will not be made known for some months to come,

I saw Sir Thomas Lipton today, says the correspondent, and asked him what he had to say about the New York York! Chb's to say about the New York Yacht Club's adherence to the five and one-half hour

"Oh," said Sir Thomas, "nobody must run away with the idea that I asked any such thing. I merely put it forward as a sug-gestion; nothing more than that.

preliminaries of the races, which, I repeat, are eminently satisfactory. As to the future, I can't say much just now. When the new boat is ready she will be tested against the old Shamrock, which will be rigged and salled under exactly the same conditions as she was in America last year, so as to give a correct idea of how much the new boat is superior to her."

There was an interesting rumor current in yachting circles at Newport, R. I., yesterday to the effect that Mr. Harry Payne Whitney would build a cup defender and preliminaries of the races, which, I terday to the effect that Mr. Harry Payne Whitney would build a cup defender and that Mr. Herman B. Duryea had consented to take charge of it for him. 'Ine report could not be traced to any reliable source, and it was thought that it may have been started by some of the numerous sailors about Newport who have occasion almost daily to visit the Herreshoffs. Unfortunately, there was nobody who could speak of the matter with any authority of assurance.

The report is somewhat in line with the understanding of many yachtsmen that there was a tacit understanding when the Columbia was built that Messrs. Duryea and Whitney might build the next defender if they wished.

BRIGHTWOOD RACES. Interesting Sport, but the Attendance Was Small.

of the Brightwood Driving Club opened at the Brightwood track yesterday. While the attendance was small, the sport was excellent and deserving of far better support. Three races composed the day's card, a 2:35 trot for a purse of \$200, a 2.17 trot or pace for a purse of \$250, and a running race, half-mile heats. The first event was won in straight heats by Chief Marshal; best time, 2.2814. The other races were not finished, darkness compelling a postponement of the sport. Niano captured two heats in the sport. Niano captured two heats in the 2.17 trot or pace, and Kenneth and Bedford Boy one each, the best time being that of Niano, 2.17½. Advance and Earn each took a heat in the running race. W. A. Nicholson officiated as starter, while the judges and timers were Henry Copperthite, W. H. Hutchinson and Henry Lansdale. Summary:

RUNNING RACES.

Cloud's Leg Broken and He Was Shot at Empire City Yesterday.

The program at the Empire City track,

interesting. The one distressing feature of the day was the accident to St. Cloud. He was kicked at the post by The Chamberlain, the blow landing just above the bock on the off hind leg. He immediately showed signs of lameness, but it was not until the barrier went up and he attempted to run that it became known that his leg was "This," said Sir Thomas, "finishes the broken. The poor beast tried to run after the field on three legs. Henry dismounted at once and the colt was taken into the paddock and shot. He belonged to J. R. & F. P. Keene, and ran second in the Cambridgeshire handicap in England two years ago. Yesterday he was heavily played by post time by many who thought he outclassed the field. With St. Cloud out Miss Hanover, with only ninety-eight pounds on her back, made all the running and won from Buffoon and Flaxspinner. In the first race Musette proved that her race at Mor-ris Park was not an error by winning again from a good field of sprinters, includ-ing Unmasked, Himtine and La Tosca II. She was much fancied in the ring and carshe was much fanced in the Inig and carried some large commissions. Queen Carnival had a good jockey on her back yesterday and rewarded her trainer by winning the third race in handsome style from a large field of indifferent fillies. Katherina was the favorite and ran second.

T. H. Ryan's coit St. Simonian appeared for the second time this fall and made play with the field matched against him for the richest purse of the afternoon. McCue waited with him until the stretch was reached, where he came on and won as he pleased from Annoy and MacLeod of Dare. St. Simonian was the tip for the race, and he was well backed. Cresson finally won himself out of the maiden class by his victory in the fifth race. He was the favorite, as he deserved to be on previous form, and won a comparatively easy race from two ried some large commissions. Queen Carhe was well backed. Cresson finally won himself out of the maiden class by his victory in the fifth race. He was the favorite, as he deserved to be on previous form, and won a comparatively easy race from two outsiders in the betting—Carnelian and Mark Lane. Asquith, on account of his two last races, was made a slight favorite over Watercure in the last race of the day. The four-day trotting and pacing meeting

Armor, Angle and The Chamberlain were withdrawn. Hammock and Withers led for nearly a mile, where the two favorites made their run. Asquith was no match for Lit-tlefield's gelding, which won hands down. Charles Ballard, the jockey, is going to France to try his luck in that country. He is certainly as capable as any of the boys from America now winning races in France.

Billy Peyton Goes Free. The trial of Billy Peyton, the local pugflist, for assaulting Jack Fitzsimmons during a sparring contest at Chesapeake Junction. September 3 last, resulted in his acquittal. The case was heard by Judge Merrick of the Maryland court at Upper Marlboro', and excited considerable interest, as it embodied practically all the legal principles involved in the case of Sheriff Shea growing out of the same affair. The latter was charged with malfeasance in office in having failed to arrest the two men while sparring. The Peyton jury was out about an hour, and returned a verdict of not guilty. It is expected that the case of the

O'Connor brothers of this city, managers of the sparring exhibition, who were in-dicted as accessories to the assault on Fitzsimmons, will be dropped without trial. Lakewood's Polo Champions.
